

## PROLINE 150™ Series HE Multi-Bag Filter Housing

*The PROLINE 150 Series, a perfect balance between reliability and cost AND between performance and productivity*

Eaton's PROLINE 150 Series HE multi-bag filter housing offers the most cost-effective solution to multi-bag units requirements' for a wide variety of filtration applications where a code stamp is not needed.

This multi-bag filter housing is equipped with a proven and easy-to-use rugged eye-bolt cover closure. Units are available in 3, 4, 6 and 8 filter bag configurations and come standard with filter bag size O2 stainless steel restrainer baskets.

### Features

- 150 psi (10 bar), non-code bag filter housing, for a wide variety of filtration applications
- Low profile design with side inlet and tangential outlet provides easy and full drainage and reduces housing height to make filter bag change-outs easier. No need for ladders, stools or catwalks

- Positive O-ring sealing provides bypass-free, safe filtration while the unique 3-point hold down ensures a high-quality seal between each filter bag and the housing body
- A counter-balanced, spring-assisted cover lifting mechanism allows for quick and easy opening of even large covers by one person
- 304 stainless steel construction
- 150# RF flanged inlet and outlet ports for side inlet and tangential outlet configuration
- Heavy-duty stainless steel mounting legs are included

### Options

- Available as in-line or loop piping configuration (shown)
- Buna-N® O-rings for the cover are standard. EPDM, Viton®, PTFE encapsulated Viton seals are available

Viton® is a registered trademark of E. I. du Pont de Nemours and company
